AMG release a brand new Apple Loop DVD, with a WAV-based PC version as well.

A massive collection of AMG's finest loops covering a huge range of styles in one very affordable package.

The 2000+ high quality loops cover a wide range of styles from rock to hip hop, reggae to synthpop and much more besides - all produced to AMG's legendary standards. Many of the loops featured are also grouped into 'songs' so even the most inexperienced beginner is able to create pleasing results with a few mouse clicks.

- Over 2000 Apple Loops!
- Specially designed for fast song creation!
- Wide range of styles covered including; Pop, Rock, Dance, Hip Hop, House, Garage, 2Step, Banghra, Urban, Synthpop, R&B, Latin, FutureFunk, Trip Hop, Reggae, Ragga, Gangsta, Trance, Drum&Bass, Breakbeat and more!
- All samples produced by AMG's stable of World Class Professional Musicians!
- Featuring drums & percussion loops, bass lines, guitar licks, vocal hooks, synth riffs, SFX Loops, brass licks, keyboard chops, atmospheres and much, much more!

High quality samples, professionally sliced and tagged for instant location and real-time control of tempo and pitch!
